**Caught On Camera by Gary Geick**

You wake up in the arms of Dean, your lover/billionaire boss. You have sex and shower. Then, as you dress, he tells you he needs you and his son, Jason, to fly to Pakistan. You don't want to, not with Jason, and you say so. Dean admits that his son is a bit rough around the edges, but that's why you need to be there, to keep him in line.

On the plane: Suddenly, the plane begins to shake. It's going down, and Jason is having a panic attack. You're shocked when he admits that he's a virgin. He's crying like a baby, and you take him into your arms. He begins to kiss your neck. You let him. Then you kiss him back, and as the plane makes its slow descent, you let him fuck you. As he finishes, you realize that the plane has leveled out. Jason tricked you, and he has it all on camera. If you tell, he will post it on Pornhub.

You agree to keep quiet, thinking that this is the end of it. A few days later, though, you come home to find Jason in your living room. He blackmails you into a threesome. Little does he know; you have video surveillance in your home.

The next day, Dean calls you into his office. He accuses you of cheating on him with his son. You tell him everything. Dean forgives you. Then he sends Jason to Africa to go to a fake meeting. Once he lands, Dean empties his bank account and abandons him in Ethiopia. Jason calls but Dean just laughs and says, "Oh yeah, I still need to cancel his phone."

Dean can't stand that the last person you fucked was Jason, and you say, "Well, let's rectify that!"
